Subject: Thank you for supporting birth control access for all women
Date: Tuesday, August 02, 2011 6:21:03 PM

Dear Kathleen Sebelius, Secretary of Health & Human Services,

Below is a form letter which expresses my support. This is simple, clean, public health policy. It will save lives. It will educate. It will help the lives of all women. It will help the lives of all who depend upon women.

I commend the Department of Health & Human Services' landmark decision requiring health insurers to cover the full cost of contraception, with no co-pay, beginning in August 2012.

This policy places a much-needed importance on women's health that is too-often not a priority in health care policy. Birth control is a critical part of preventive care, and making contraception available to all women, regardless of their insurance or ability to pay for it, will significantly reduce long-term health care costs associated with unplanned pregnancies.

Thank you for prioritizing women's basic health care needs.

Sincerely,

Steven Trevallee
